NOTIFICATION LETTERS FOR STAFF RECRUITED IN OPERATIONAL SEED SCHOOLS

Please refer to the notice in respect of collecting Notification letters from the Education Service Commission Offices.

Following the rising cases of COVID 19, the Education Service Commission has realized that it is not convenient for the newly appointed staff to pick individual notification letters from the Education Service Commission Offices.

The Education Service Commission has therefore forwarded the letters to the Permanent Secretary, Ministry of Education and Sports who will advise you on the date to pick the notification letters along with the appointment letters.

Appointed staff should therefore **NOT TRAVEL** to Kampala until they get a communication from the Ministry of Education and Sports Headquarters'. The earlier schedule indicating the names of schools and dates on which to pick the notification letters is hereby **cancelled**.
